Welcome Message

Dear Friends and Colleagues,

We are extremely delighted to invite you all to the vibrant and colourful city of Jaipur in the pleasant month of September for the 9th Annual Conference of Indian Association of Cardiac Imaging from 26th to 28th September 2019, in collaboration with Eternal Hospital, Jaipur.

Cardiac Imaging as we all know is a fast evolving field today. This year we are having special sessions on Artificial Intelligence & Machine Learning within Cardiac Imaging, Plaque Imaging and TAVR along with Hands On Workshop on Adult Cardiac CT, MRI and Congenital Heart Disease.

We are also organizing sessions on Foetal Echocardiography & Technologists Training on Cardiac CT and MRI. The first ever symposium on Artificial Intelligence (AI) and Machine Learning (ML) in Cardiac imaging will be held in Jaipur during Annual Conference.

IACI has collaborated with SCMR (Society of Cardiovascular MR) & ASCI (Asian Society of Cardiovascular Imaging) for eminent International Speaker in the field along with eminent National Faculties who will share their experience and provide insights into the complex issues associated with it, making sure to have a comprehensive and information packed program which is interactive, interdisciplinary, patient and disease centric.

The Organizing Committee will not leave any stone unturned to make your trip to Jaipur a memorable one and is looking forward for your active participation. We assure you of great academic inputs for your mind along with peaceful vibes and aroma from city of Jaipur for your souls.

We welcome one and all to experience the interesting world of Cardiac Imaging at Jaipur.
